Vision

Our pioneering spirit drives us to discover new worlds and make space accessible and available to everyone through affordable space flights; regardless of nationality. We want to bring friends of spaceflight together, advance science, explore new worlds and promote peace.

Mission

To be pioneers in web3, we aim to create long-term utility for our NFT holders and educate space enthusiasts in the future of blockchain technology. By supporting a thriving international community of space enthusiasts with a family spirit, we want to give one lucky applicant the opportunity to have the experience of a lifetime - a flight into space.

Why "The Moon Society"?

Imagine a world where space travel is no longer a luxury, but an opportunity accessible to all. A world where people coexist in peace, and where together we can shape the future. Our project aims to bring long-lasting benefits, bringing space enthusiasts from all corners of the globe to discover new worlds, harnessing the power of cutting-edge technologies like blockchain and space travel to build a brighter, more sustainable future.

What is "To the Moon"?

With our first NFT-Batch, "To The Moon", we aim to make history by exploring the unknown. This will set the stage for future batches, including "From The Moon" and "The Moon Society." Our vision includes the creation of at least 10 000 NFTs per batch, each offering unique opportunities and benefits for our community.

Why the blockchain and NFTs?

Introducing the TMS Astronaut-NFT, which serves as an art collectible, voting ticket, and a tool for gamification. For those who seek even greater benefits, the TMS Legendary Astronaut NFT offers private membership, a 10 000 Dollar reward after sold-out, the chance to participate in a world trip astronaut tour raffle and to win a real flight into space. Additionally, the TMS Seat NFT provides whitelist access to free airdrops of POAPs (proof of attendance) and opportunities for gamification.

Gamification!

All of our NFT-Batches are a dynamic experience, where the story and gameplay evolves through the participation of the community.

TMS NFT UG is a company registered in Germany. With our project "The Moon Society" we offer our community the greatest value a project can offer, bringing longterm utility to our holders.

One of the key aspects of our project is the unique set of characteristics that define our NFTs, differentiating us from other NFT projects. Our properties, including Rankings, Specialists, Non-Commissioned Officers and more, play a crucial role in determining the value, prestige, and character of each NFT, offering a truly one-of-a-kind experience for our community. Get ready to join us on this journey to the moon!

Spaceship-Launch-Live-Event

The Spaceship-Launch-Live-Event promises to be an unforgettable experience for all crypto enthusiasts. Imagine watching a real rocket launch while mingling with fellow "To the Moon" and 10CT Golden Ticket holders. The event is not exclusive to some, but to all who hold these coveted titles.

As if the opportunity to witness a rocket launch is not exciting enough, the event organizers have also arranged an open-air party with music, food, and drinks. 10CT Golden Ticket holders even get a special treat with free ice tea. Those who can't attend the event in person can still watch it live through the YouTube broadcast.

To make things even more interesting, the event will announce the lucky winner of the cybertruck giveaway if the 100% goal is reached. With so many exciting things happening, the Spaceship-Launch-Liver-Event is one event that no one should miss.

8 Stages-Launch-Event

The 8 Stages-Launch-Event is a highly anticipated event in our thriving community of space enthusiasts. This live YouTube event will launch the "To the moon" 8 stages and is open to all "To the Moon" and "10CT Golden Ticket" holders. The event promises to be an exciting experience as people from all over the world will come together to celebrate the launch.

If the cybertruck winner has not yet been announced, the event organizers will take this opportunity to make the announcement. All eyes will be on the screen as the winner is revealed.

The 8 Stages-Launch-Event is not just an event, but a celebration of the community, progress, and achievements. It is an opportunity to come together and share in the excitement of the moment. With so much to look forward to, the event is sure to be a memorable one for all who attend.

Batch 1

"To the moon"
8 stages

An unforgettable journey lies ahead of us! The time has finally come for us astronauts to set off into space. By "minting" the Astronaut NFT, you are already qualified for your participation in this exciting journey. You are now an indispensable member of the crew.

We will travel to the Spaceport as soon as possible to board our spaceship and get one step closer to our destination, the moon. The 16 Legendaries have already arrived on the moon and have discovered something incredible there.

We have to hurry because there are only 5008 seats in Stage 1, 16 of which have already been filled by the Legendaries.

An unforgettable journey lies ahead of us. All in all, it will take us about 8 days to reach the moon, unless unforeseen things happen. But as we know, time is relative in space and in a game.

The life of an astronaut is exciting. Every day brings new challenges. Are you ready?

Description of Gamification:

For each stage you complete, you will receive an airdrop into your personal wallet, qualifying you to move on to the next stage as quickly as possible. But beware, the challenges are getting bigger and more and more spaceships need support from the ground crew. Only the consistent fastest astronaut will make it to the moon. Therefore, hurry up so that you are there in time for the big celebration.

It will be a big party as soon as the first astronauts arrive on the moon and meet the Legendaries. At this big live event, to which all astronaut (NFT) holders are invited, it will be announced who has qualified for the real space flight.

This is an opportunity we cannot afford to miss. So let's pack our bags and start our journey into the unknown!

The 16 Legendaries

are automatically unlocked in all stages, but can claim one airdrop-NFT per stage while stocks last.

8 Stages-Final-Live-Event

The much-awaited event for all of our space enthusiasts is here! The invitation is exclusive to all "TMS Astronaut-NFT" and "10CT Golden Ticket" holders, and if you are quick enough to have a Stage 7 Airdrop NFT or any Legendary NFT, you get VIP access to the event.

The open-air party with music, food, and drinks is just the beginning of the fun. "10CT Golden Ticket"-holders also get to enjoy free ice tea, and everyone at home, can watch the event through the live YouTube broadcast. If the 100% goal is reached, the event will announce the cybertruck winner, which is sure to keep everyone on the edge of their seats.

As if that is not enough, the event marks the beginning of Batch 2. The stage promises to be thrilling, and everyone will want to watch and see how it goes.

The highlight of the event is the announcement of the winner of the world trip: astronaut tour and the space flight winner. These prizes are out of this world and will make the winners' dreams come true. The event is a celebration of community, progress, and achievement, and everyone who attends will have a memorable time. With so much happening, it's an event that no one should miss!

Batch 2

“From the Moon”

“From the Moon”

If you missed out on Batch 1, don't worry - you'll have a second chance with Batch 2. But in order to participate, you'll need to get a "TMS Astronaut-NFT" from "To the Moon"- Batch 1 on the Secondary Market and add it to your wallet.

Batch 2 promises to be even better than Batch 1, with an extended storyline, new collaborations, airdrops, and fantastic prizes. You won't want to miss out on the chance to be a part of it.

The Secondary Market offers a great opportunity to acquire the desired NFT if you don't already have one in your collection. Remember, only holders of the "TMS Astronaut-NFT" from "To the Moon"- Batch 1, will be able to participate in Batch 2.

The anticipation is building as we await the launch of Batch 1, with the promise of even more excitement and collaboration in Batch 2. So get ready and don't miss out - grab your "TMS Astronaut-NFT" and be prepared for Batch 2!

Batch 3

“Moon Society”

“Moon Society”

Get ready for the next chapter in the TMS Astronaut-NFT saga - Batch 3 is on the horizon, and it promises to be out of this world.

To participate in Batch 3, you'll need to have not one, but two TMS Astronaut-NFTs from the previous batches, one from "To the Moon"- batch 1, and one from "From the Moon"- from Batch 2. Once you hold both of these NFTs in one wallet, you'll be able to breed them to create a new "Moon Society-NFT" with special additional features.

The extended story of Batch 3 will continue the adventures of the TMS Astronauts in space, with new surprises and challenges to face. And not only that - there will be an exciting new feature in the metaverse that will add to the immersive experience of owning a TMS Astronaut-NFTs.

As with the previous batches, the prizes for Batch 3 are sure to be fantastic, so you won't want to miss out. Start hunting for those "To the Moon" and "From the Moon" TMS Astronaut-NFTs, and get ready for the next epic installment of the TMS Astronaut NFT series.
